

Patti's Rosettes & Halloween Wreath

Created by Patti Leeke – Independent Stampin' Up Demonstrator

Total # of Rosettes and width of strip and scoring interval

8 = 3" by 1/2" scored

1 = 4" by 1/4" scored

3 = 2" by 1/2" scored attached alone

5 = 2" by 1/2" scored and attached to larger ones.

Sizing means 3" wide strips scored every 1/2". Strips are 12" long and 2 are required for each rosette.

For help in creating rosettes check Youtube for Rosette stampin up or simply score rosettes. Here's a couple of helpful links:

Glue gun seems to work the best for holding down rosettes over time and to attach to wreath backing.

Some people also refer to rosettes as lollies.
